The Oswego Country Club is now offering new memberships at a discounted rate for the upcoming season. It's a great time to "Join the Club!"

Here's How it Works

New members pay the reduced dues amount for 2021 and each member who successfully recruits a new golfing member will receive the credit listed for the dues amount of the new member's classification.

Who is Eligible?

All memberships in good standing are eligible to receive credit from this incentive. Individuals who were golfing members during the 2019 golf season are not eligible to be the "new member" in this initiative. Membership credit for the 2022 dues will be issued once the new member's dues are paid in full.

Applications may be mailed to 610 West 1st Street or emailed to oswegocoffice@centralny.twcgc.com

Note: 2022 member credit will be equal to the amount discounted per category. That credit is eligible to be transferred to new member if member wishes. Maximum credit any member can receive is equal to the amount of their dues for that year. For more information, please call 315.343.1941.
